VOLUME CVII.--NO. 215. ALEXANDRIA, VA., THURSDAY EVENING, SEPTEMBER 6, 1906. PRICE 2 CENTS.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book *free* that is worthy of your attention if needing a good, safe, reliable remedy *of known composition* for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MR. BRYAN AT HOME.

William Jennings Bryan last night returned to Lincoln, Neb., his home, and the "home folks" welcomed him with every evidence of approval and satisfaction. It was a neighborly welcome, planned as such and carried out as planned.

Lincoln has more republicans than democrats, but last night there was no line of partisan division, and the good will extended to both Mr. and Mrs. Bryan was sincere and joyful. Everybody showed good nature; nobody wanted to quarrel about politics, and nearly the whole population showed that it was genuinely glad that Mr. Bryan lives in Lincoln.

It is doubtful whether Lincoln ever held a larger crowd than that which came to the city yesterday. The weather, barring the heat, was fine. It was a half holiday in the city, and every train from over the state arrived loaded down, bringing not only Nebraska people, but many from nearby states.

The city was handsomely decorated for the home-coming, the fronts of business houses being a mass of flags and bunting, while in the residence quarters lithographs of Mr. Bryan in the windows, together with the national colors, were everywhere seen. The nonpartisan nature of the reception was emphasized in every way possible.

The Bryan train arrived shortly after 5 o'clock. A crowd was packed around the station. There was a roar of welcome as the train rolled in and Mr. Bryan appeared on the platform. In the party beside Mr. and Mrs. Bryan and their daughter Grace, were the Lincoln delegation which left 10 days ago to meet him at New York, and which Mr. Bryan accompanied on its homeward trip, together with a few of the Nebraska democratic mayors, who also went to New York.

Mr. Bryan's only expression as he looked down on the multitude of faces was: "Great Scott! What a crowd!"

Showing no sign of fatigue, but bowing right and left and smiling happily with an occasional word to an old acquaintance, Mr. Bryan walked to a carriage.

No attempt was made at a parade, although there was a pretentious mounted escort, headed by Capt. James Cosgrave, policemen on horseback, fraternal organizations and individual marchers, the whole preceded by six bands.

Along the route Mr. Bryan was received with cordiality and enthusiasm. The party traversed three of the principal business streets, lined with cheering crowds, and then proceeded to the home of Charles W. Bryan, where Mr. Bryan had dinner and rested for a time prior to going to the state capitol grounds for the speaking exercises and reception.

Another Setback for Addicks.

J. Edward Addicks fell before his enemy, Senator Allee, yesterday at the republican convention at Dover, Del., when Dr. Hiram W. Burton, whom Addicks had fought to the extent even of an open declaration that he would take the field himself as an independent candidate, was renominated for Congress. The balance of the ticket is all anti-Addicks.

The negro voters of Delaware scored a point yesterday when they secured a representative for themselves on the State committee.

J. Edward Addicks, who saw his plans to defeat Burton and Allee shattered by the convention, had nothing to say until the question of selecting an emblem for the republican party in Delaware came up. Dr. Caleb D. Layton proposed an eagle with outstretched wings and a five-pointed star on its exposed breast. To this Mr. Addicks objected, on the ground that the star was the emblem of the union republican party. The question was put to a vote, and Addicks also lost on this.

After the conference Mr. Addicks made a statement, declaring that he had withdrawn his opposition to Burton, but said he had done so in consideration of Burton's promise to aid him in his fight to succeed Senator Allee, whose term expires next March.

His statement is contested by Allee and his men as ridiculous, they saying that Burton won by force of their influence, and that he is pledged against Addicks.

The main fight in Kent county was against the re-election of Senator Allee to the State committee; but in this the Addicks contingent and anti-Allee men were unsuccessful. Allee, however, received less than 30 votes.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros. 56 Warren Street, New York.

A CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chestertown, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham:—

"I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of soreness, dizzy spells, headaches, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always helpful to ailing women.

Preparing for Revolution.

The existence of an alleged junta, which is said to be collecting funds and supplies for a revolution to be started simultaneously about November 1 in the five Central American republics—Costa Rica, Honduras, Salvador, Nicaragua and Guatemala—was announced at New Orleans yesterday. Don Angel Urgatel, who says he is a cousin of Policarpo Bonilla, brother of the President of Honduras, said in an interview:

"I am informed that there is to be a general uprising in the five republics. My mission is to collect funds for a revolution in Honduras, where Policarpo Bonilla, my cousin, will lead the insurgent forces. The people of the five republics in Central America are all dissatisfied with their rulers."

Urgatel added that he believes an attempt at revolution in Salvador will be a failure, but that he hopes for success in the other republics. Urgatel went to New Orleans a few days ago from Mobile, and in the hotel at which he is stopping there have since been several conferences of men from Central American republics. So persistent have the republics about such a junta become that Tobias Zuniga, who was temporarily exiled from Costa Rica about a year ago after being defeated as a candidate for president, yesterday took occasion to deny publicly that he has any connection with the alleged revolutionary movement. His name had been connected with the reports because he is on the point of going to Bluefields, Nicaragua.

AND VIRGINIA ADVERTISER

THURSDAY EVENING, SEPT. 6, 1906.

HEREAFTER citizens of Boston will be compelled to make ash cans and trash barrels of their coat pockets or be haled to court and fined as much as $20. A law, placed on the statue books some time ago, against throwing paper, banana peels or any other kind of debris, is to be enforced by the authorities to the letter. Anyone who reads a letter and drops the envelope on the street, or purchases a banana and casts the peal to the sidewalk, will be accosted by a police man and told to remove the unsightly object. If he refuses, the doors of a police station will be yawning for him. In fact, an arrest may be made and a fine imposed without any warning whatever. Such laws are proper and they should be on the statute books of all cities. The police should see that they are enforced and be held responsible for all banana peels, trash or debris found on their beats. There are laws in Alexandria providing penalties for casting trash &c., into the streets, but they seem to be honored in the breach rather than in the observance. Banana peelings can be seen on pavements everyday. They are a menace to life and limb, especially at night, when pedestrians are liable to tread upon them in the dark.

THE IOWA democrats, in their platform adopted at the late convention, favor no half measures. They would destroy all trusts and declared for a tariff for revenue only. "We believe," they said, "in tariff for revenue only, and that there should be immediate relief granted to the people who are now being robbed by extortionate prices exacted under the shelter of tariff. We believe the tariff should be removed from all trust made goods and in the removal of all duties on iron, steel, lumber and coal. We demand the enactment of such legislation as will effectually destroy all trusts, and the strict enforcement of all laws concerning the same." There certainly is no ambiguity in that declaration and however much the republican voters of Iowa may be disheartened at the "uncertain utterance" of their own platform, they cannot mistake the democratic position, which needs no slick politician to declare its meaning, for all who run may read.

WHEN President Roosevelt gave a hint that he would be constrained to apply his big stick to some of the innumerable pension bills the Senator from North Dakota, McCumber, called his attention to the long array of brigadier generals and admirals on the retired list. This abuse has never been so rampant—not even after the civil war—as under this administration. Many officers in the army and navy have been pushed forward without merit to the rank of brigadier and admiral, and then retired for no other purpose than to make way for advancement of favorites of the President or of his official family. When Senator McCumber reminded the President of this scandal his attack on the pension bills was discreetly dropped.

THE MEXICAN government has found it necessary to disarm American enthusiasts who cross the border from Arizona into the State of Sonora. Neither Yankees, Mexicans nor Indians are allowed to carry guns from the American side of the line. American prospectors for mineral wealth in Sonora have been in the habit of carrying so much personal artillery along with them that in the opinion of the Mexican authorities their incursions take on the character of an invasion.

AT A POLITICAL conference at Oyster Bay, yesterday, attended by the President, Postmaster General Cortelyou and Congressman Littauer, the President expressed the opinion that the republican situation in New York could be cleared up by the nomination of a strong man for governor. This is at least an admission by the President that the situation in New York is hazy.

THE MIDVALE steel company keeps very quiet when it is considered that it was plundered of half of the swag by the decision of the administration in favor of the armor plate trust. Can it be possible that Secretary Bonaparte engineered a deal for the Midvale company to join the trust?

PRESIDENT ROOSEVELT and Speaker Cannon are much alarmed about the outcome of the congressional campaign, and evidently have very little confidence in the new republican managers selected. This must be nuts for Babcock who, however, is on the anxious seat himself.

TARIFF CHANGES in many parts of the world have been reported to the government, but the tariff in this country changes not.

Mr. Taylor Chunn, formerly of Fauquier county, was recently killed by an electric shock at Butte, Mont. Mr. Chunn was an electrician and was connecting wires at a considerable elevation from the ground when he received the shock. He fell a distance of nearly fifty feet and was killed. He was well known in this part of the State.

Washington, Sept. 6

Sixteen Christain Filipinos who were dealing in Mandaya slaves in Davao district, Mindanao, Philippine Islands, have been slain by avenging relatives of the women and children stolen. Details of the tragedy have been received here. Eight Mandayas entered the barrio of Abijud, killing the slave traffickers in the isolated building they occupied. The house and its contents were then destroyed by fire. Slave baiting is carried on by the Christian Filipinos along the eastern coast of Mindanao and until the practice shall have been broken up by the authorities, reprisals of the character described are certain to continue.

Positive announcement is made at the State Department that habeas corpus proceedings will not help Paul O. Stensland, the fugitive Chicago banker, when he arrives in New York and is placed under arrest by the authorities of that State. As soon as he comes within the three mile limit off New York a warrant will be served on him and as soon as he places his foot on the soil of New York city extradition papers for his return to the State of Illinois will be served, which, under the law, will not make habeas corpus effective.

Bids were opened at the office of the Isthmian Canal Commission for 40 Mogul engines and for 5,000 tons of steel rails for use on the Isthmian canal. The Baldwin Locomotive Works of Philadelphia was the lowest bidder on the engines, offering to deliver them at Colon for $458,600. There was only one bidder offering to supply the steel rails. It was the United States Steel Products Export Company of New York, a subsidiary of the steel trust. Its bid was $147,250, which is at the rate of $29,45 per ton, delivered f.o.b. cars at Baltimore. An alternate bid for delivery at Colon raises the price by $16,250 This bid is considered extremely high, but being the only one submitted may be accepted.

The Interstate Commerce Commission is permitting a deviation from the strict letter of the new railway rate law which requires a railroad to post a schedule of rates 30 days before it can become effective. It develops that some of the railroads made many new rates just before the new law went into effect. Other roads interested are just discovering the shrewd move of their competitors. The commission is giving careful consideration to requests for a modification. Where the claim is deemed just the railroad in question is permitted to make a rate to meet its competitors and the commission orders it effective immediately.

The Interstate Commerce Commission this morning issued an order calling upon the railways for all information bearing on the block and electric systems in operation on American railway lines This action, previously agreed on, is taken in accordance with the direction of Congress.

Captain Cornelius C. Smith. 14th cavalry, has been detailed as Governor of the Davao district, Mindanao, Philippine Islands, to succeed Lieut. The State Department today cabled U. S. Minister Gummere, at Tangier, Morocco, to designate Messrs. Keely and Oleson, who now have custody of Paul O. Stensland, the defaulting Chicago banker, to act as the agents of the United States government in bringing Stensland back to this country.

The scandals in the quartermaster's department in the Phillippines recently exposed, are to be probed on order of Secretary of War Taft. Orders to that effect have gone to Manila and several army officers and clerks, now in the United States, formerly connected with the quartermaster's shops, have been detailed to return to Manila to assist in the investigation. The source of graft reported to have been most prolific is believed to have been the padding of payrolls.

In accordance with an act of Congress, the Agriculture Department has obtained and tested seed of alfalfa from various dealers throughout the country and today published a list of those firms whose product was found to be adulterated. In all 352 samples of alfalfa seed were examined. Of these 160, or nearly one-half, were found to contain seed of the destructive parasitic plant dodder; nine samples were found to be adulterated with seed of yellow trefoil, and nine samples adulterated with bur clover.

According to information received by the Department of Commerce and Labor, 2,000 British school teachers have applied to Mr. Moseley, the London publisher, to join his prospective party which will visit the United States and study educational methods here.

The Comptroller of the currency today issued a call for reports of the condition of national banks at the close of business on Tuesday, September 4th.

The investigation of the government into the alleged violations of the 8 hour labor law has finally extended to the reclamation service. The Department of Justice has been asked for an opinion as to whether methods of certain irrigation work in the west are in conflict with law.

New Spelling Cause.

New York, Sept. 6.—With President Roosevelt captured and enlisted in the new spelling cause the Simplified Spelling Board today announced that no less than 825 college presidents, professors, and other university officials had identified themselves with the movement. They all agreed to use the three hundred words which the board is trying on the American spelling school, to see how it takes in their own correspondence. The board says this easily acquired university influence is greatest in New York State, where more than one hundred and thirty persons connected with universities and colleges have joined the movement. Illinois has just one hundred and thirty signers; Massachusetts, is third with 92; California, comes next with 67; Michigan, with 52; Missouri, sends 42; Pennsylvania, 31, and Connecticut, Indiana, Kansas and Maryland each have more than twenty champions for the movement. The remainder are scattered throughout the country.

She was in an insane asylum six years ago, but was considered cured. She is now violent.

Va., was injured in a wreck on the Western Maryland Railroad at Keyser Junction, 25 miles west of here, early today. The accident was caused by a misplaced switch, and occurred on a high trestle. It was said at the hotel that Mr. Lea had been complaining of his health for several days, and the theory was advanced that it may have preyed upon his mind until he became despondent.

Singularly pathetic was the death early yesterday morning of "Willie" Clark, 18 years old, one of the brightest ushers at Chase's Theatre, Washington, who, believing that he was drifting into consumption, fired a bullet into his brain at the residence of his grandmother, Mrs. L. G. Conkling. Both of the unfortunate young man's parents had died of the disease, and the fear that he would go in the same way preyed upon his mind until he became despondent.

Seized with a frenzy of fright at a dream that a negro was trying to kill her, Miss Annie Morgan, thirty seven years old, of Columbus, Ohio, was overcome with an attack of heart trouble Tuesday night, and died within a few minutes. In her fright Miss Morgan ran out of her room, shouting: "A big colored man is standing over my bed trying to kill me with a knife." Then she sank to the floor unconscious and died in a few minutes after a physician was summoned. Death was due to heart disease.

Esther Bean, the 3-year-old daughter of Mr. and Mrs. William C. Bean, of Rockville, Md., is critically ill as a result of drinking a quantity of gasoline Tuesday. The little one was missed from her home and was found lying upon the ground back of the house unconscious. A bottle that had contained gasoline was found nearby. A physician was hastily summoned, but the little girl continued in a state of stupor, and her condition yesterday showed little or no improvement. It is feared she cannot recover.

The latest returns from Tuesday's primary elections throughout Wisconsin shows that Gov. J. O. Davidson, republican, swept the State, winning from his opponent, Speaker I. L. Lenroot, in the race for the nomination for governor by a majority of 40,000 votes. Senator La Follette, who had been speaking four times a day for Speaker Lenroot suffered his first defeat since being elected governor six years ago. The defeat, too, is more decisive than any inflicted upon him during the days when he strove in vain for the governorship.

A carriage occupied by Dr. Karl Burbank and a young woman, whose name was given as Gertrude Burnham, crashed into another vehicle on the speedway in Washington last night and both were thrown to the ground. Dr Burbank escaped with slight bruises, but Miss Burnham missed death by a slight margin, and was taken to the Garfield Hospital. It is feared that she is suffering from concussion of the brain. It is said at the hospital that the name of the young woman is a fictitious one, and that she is from a prominent family.

In a petition filed in Lexington, Ky., yesterday in the Circuit Court John E. Madden, the noted turfman, charges his former wife, Anna Louise Madden, with living unlawfully with L. V. Bell. Madden seeks a divorce and the custody of the two children and also the annullment of the alimony given Mrs. Madden by Judge Swing, in Cincinnati. Mrs. Madden secured a divorce in Ohio and married Bell in New York, sailing immediately for the Orient. The petition charges that her divorce was granted through fraudulent allegations; that she has no legal divorce, and that her marriage to Bell is not legal.

B. S. Adams, now manager of the Quinn-Sharpe Drug Company, but formerly assistant cashier of the citizens' National Bank, of Vicksburg, Miss., was arrested yesterday by United States Marshal Wilson and taken to Jackson on the charge of being short in his cash to the amount of $48,000, while employed in the Citizens' National Bank at Vicksburg. Adams left the employ of the bank in August last, when he confessed to Cashier George B. Hackett that he was short, stating the amount. Mr. Hackett immediately notified a surety company that had bonded Adams, and it is supposed the surety company had Adams arrested. Adams was unable to give a $5,000 bond

Murderer Attempts Suicide.

Worcester, Pa., Sept. 6.—Rather than strangle to death by the hangman's noose, Ricardo Forte, convicted of murder, tried to do away with himself while on the way to the gallows today by slashing his wrist with tin tags taken from plugs of chewing tobacco. Forte's bold attempt was frustrated, and he went to his gibbet with his wrists bandaged to prevent him bleeding to death. Forte killed two children of Peter Delucca by strangling them to death in the woods where he had lured them with candy. He did the deed out of revenge against the father.

He was identified as being the one who frightened them. He says he became engaged in a fight and ran in there to escape being injured.

It will require an official canvass of the votes to determine whether Representative Maynard or Colonel George C Cabell shall be the democratic nominee for Congress of the Second district. Last night Mr. Maynard had an apparent majority of 22 in a total vote approximately 8,000. Colonel Cabell is, however, confident that he has been nominated, and declines to concede the election to Maynard. He will demand official count, and believes the result will show that he has been nominated.

One colored man was instantly killed and five white people more or less seriously injured by the collapse of a street railway bridge over Tinker creek, between Roanoke and Vinton, yesterday The car was going from Vinton to Roanoke, and was carrying about 100 passengers. On the west side of the bridge the mortorman stopped his car to allow several persons to get aboard. He started again and was about midway of the bridge when it collapsed, dropping the crowded car into the creek 15 feet below. A panic followed the crash, and Conductor Trout fought the passengers to keep them from trampling each other and probably saved a number of lives by his determined efforts. The bridge was considered one of the best on the system and no cause is known for its collapse.

Opposed to Government Ownership.

Senator John W. Daniel, of Virginia, the man who led the Bryan forces successfully against David B. Hill in the Chicago convention of 1906, arrived in Washington yesterday. When his attention was called to Mr. Bryan's statement that he had not seen the names of any southern democrats who disapproved of his government ownership views, Senator Daniel said:

"I heard every word of the powerful speech and agreed to 90 per cent of it. I regretted the declaration in favor of government ownership of trunk line railways and state ownership of state lines. Our experience in Virginia in the matter of state participation was so disastrous and so burdensome to our taxpayers that we have just emerged from financial troubles brought upon us, and our constitution, by general assent, has a clause which forbids county or state subscriptions to railroad building. What may come to pass in the future of the world no man may now read, but I do not believe the people of this country nor the democratic party is in favor of government ownership of railroads."

The Grand Lodge of Good Templars of Virginia convened in thirty-ninth annual session at Falls Church Tuesday night. Rev. J. W. Guy, of Surrey county, grand chief templar, is presiding.

Today's Telegraphic News

Plot Discovered.

Odessa, Sept. 6.—Another revolutionary outbreak extending throughout the government of Kherson, in which Odessa is located, is expected within a few days. Through the arrest of twenty-two terrorists the government has come into possession of details of the plot, but it is feared that this will only result in bringing on the uprisings sooner than was intended. It was the plan of the revolutionists to start new uprisings in various districts of the province at short intervals In this way, they hoped to be able to sweep the whole government with the revolutionary movement. Papers containing names of all the terrorists involved in the plot, together with maps of all estates in the province marked for devastation and a list of dates in which the outbreaks were to occur, were discovered by the authorities in the effects of the prisoners taken into custody.

St. Petersburg, Sept. 6.—"We are not afraid of executions within twenty-four hours, as bombs act within twenty-four seconds. The government can kill individuals, but it cannot kill ideas." This is the gist of the reply made by revolutionaries to the programme of governmental reforms announced in a communication last night.

Predicts Social Revolution.

London, Sept. 6.—"Before long the storm will burst. There will be a social revolution, and in the social revolution I will be more useful than now. Socialism is the only hope of the workers." With these stirring words, the Countess of Warwick closed an address yesterday to the Trades' Union Congress, which she attended in the interest of the workingmen's cause she has championed. Her speech teemed with interesting points. She declared she was being systematically persecuted by the aristocracy because of her radical views on socialism and her advocacy of the fight made by workingmen for greater rights. The countess herself has become an issue between the socialists and laborites. Many of the latter insist that she hurts their cause more than she helps it. When she appeared at the Congress yesterday she wore a beautiful and expensive gown. Her aristocratic appearance on their platform weakens labor movements in the opinion of many of its advocates. Some even go so far as to sneer at the countess's sincerity. By others the countess is called "Comrade Warwick," and they are intensely flattered at the opportunity to rub elbows with a real peeress.

Another Match.

Goldfield, Nev. Sept. 6.—Goldfield is going to produce another light weight champion or make Joe Gans the wonder of wonders. Scarcely has the smoke of the Nelson-Gans battle cleared from the field, when Tex Richard, match maker of the club, hung up a $25,000 purse for Gans and Britt, the fight to be held on Christmas night. Gans immediately on hearing the offer accepted. Britt has also consented. Gans and Britt fought in San Francisco on October 31, 1905 The bout ended very unsatisfactory, Britt fouling Gans in the fifth round and losing the decision. The Goldfield Athletic Club officials declare that Nelson will be forever barred from battling before their club. Gans has completed arrangements to leave town for San Francisco. Eddie Graney now asserts that he knew of the $25,000 offer made to Gans to lay down to the Dane. He says that the amount was a pool made by a number of sportsman. A friend of Gans advised him to take the money and double cross the bribers. Graney told him not to enter into any contract for fear of a trap as it might have been a scheme of Nolan's to get out of the fight.

Father Meyer's Chances Brighter.

Rome, Sept. 6.—The chances of Father Rudolph Meyer, of St. Louis, being elected General of the Jesuits are regarded in high Vatican circles as becoming better every hour He and Vicar Freddi now head the list of possibilities. Spain now holds the balance of power in the congregation. Father Meyer's, friends are working hard to induce the Spanish delegates to abandon their own candidate in favor of the American. Likewise they are exerting influence to get Cardinal Steinhuber to throw the German delegates to Father Meyer. If this can be accomplished, the election of the American priest is assured. Should the Spaniards insist upon supporting Father Dilatorres, their candidate, to the end, Father Meyer will undoubtedly be defeated and Vicar Freddi or some dark horse candidate will be chosen.

Mysterious Murder.

Jamestown, N. Y., Sept. 6.—The body of E. E. Wile, living in Ripley village, a few miles from Erie, Pa., was found last night under the floor of the woodshed of his home. The head had been crushed with an axe. Little is known about Wile, except that he came to Ripley from Erie two months ago. A young woman accompanied him, and the couple were married in Ripley. The wife left last Sunday for Erie. Her mother came yesterday to visit the family, but could not get into the house. She peeped through a window and saw blood stains on the floor. She notified the neighbors last night and they broke in the door. They found a pool of blood on the sitting room floor and a trail of blood leading to the place where the body was found concealed. The authorities are investigating.

Will Enter Gubernatorial Contest.

New York, Sept. 6.—Despite a positive disinclination to enter the political lists, it seems certain Charles E. Hughes, insurance inquisitor, will make the race for Governor on the republican ticket. President Roosevelt believes Hughes is the man to bring victory to the republican camp, and will ask him to make the race. Mr. Hughes declines to discuss the efforts to make him a candidate. Information that Hughes would be asked to run for Governor by President Roosevelt was had today in well informed circles and that Hughes would consent to the President's bidding. This turn of affairs means that Governor Higgins is to be shunted on the side track and that when the time comes Hughes will come forward with his consent to run.

The Real Estate Trust Company.

Philadelphia, Pa., September 6.—"I have been fooled. Segal got all the money. There is no one to blame but myself." This last message of Frank K. Hipple will be presented today, as an accusing voice from the grave, against Adolph Segal, financial hypnotist, when he is arraigned for wrecking the Real Estate Trust Company. With the police court-room crowded to the doors, three of the men connected with the failure of the Real Estate Trust Company were arraigned before Magistrate Kochersperger in City Hall for a hearing this morning. The three men who appeared, were Adolph Segal, William F North and Marshall S. Collingwood. The latter two were respectively treasurer and and assistant treasurer of the concern, and as it has since been developed, were members of a coterie that promoted about a dozen trolley lines. At the outset, Mr. Bell declared, that he had evidence to prove that more than $5,000,000 had been fraudulently stolen from the company and used by Segal personally. North and Collingwood, Mr. Bell said, were passive conspirators.

Then counsel for Segal and the other defendants asked that they be allowed to waive a hearing. This was refused by the magistrate and the hearing proceeded. District Attorney Bell denied this morning that he had found any other confession than the one handed to him by young Hipple. There was no farewell letter in the strong box, as has been rumored.

This was the day that Receiver Earle invited depositors who put in money on Monday and Tuesday Aug. 27 and 28, to call for their funds. At 10 o'clock, about thirty or forty depositors had assembled at the bank, for this purpose. The hour fixed by Mr. Earle was 11 o'clock.

According to one of the witnesses examined, Hill the accountant, only made a loose investigation of the books of the company.

R Dale Benson, one of the directors the company, said that he had told Segal that he (Segal) owed the company over $5,000,000. Segal replied that he had paid something on account.

A the conclusion of the evidence, Mr. Shields declared that so far as Segal was concerned, it would be shown in court that all the charges were false and that the companies in which Mr. Segal is interested are worth $10,000. The same bail was required for Segal, as yesterday, $25,000, and also for North and Collingwood, $10,000 each. The same bondsmen qualified.

Shakeup in Isthmian Canal Affairs.

Panama, Sept. 6.—A shakeup in Isthmian canal affairs that will lay low many an official head, and which may bring forth a few sensations, began the first of the month, when Chief Engineer Stevens, upon completing his investigation of the building construction division, ordered the dismissal of P. J. Downey, superintendent of painting, and F. P. Thomas, superintendent of building construction. Luck, superintendent of masonry, has also hastily resigned and more changes are yet to come, it is said. Stevens has demanded of every department an absolute inventory of property consumed during the last year or now in its hands. The nature of the charges against the men dismissed is not known.

Racing for the Roosevelt Cup.

Marblehead, Mass., Sept. 6.—The course of today's race in the contest between the American and German yachts for the Roosevelt cup was triangular sailed twice over. The total distance was 15 miles. The wind at the start was from the southwest and about 12 knots strength. The contestants crossed the line at 11:10 o'clock. They rounded the weather mark as follows: Vim, 11:52:42; Auk, 11:52:25; Tilly, 11:53:15; Caramba, 11:56:52; Wanniseе, 11:56:48; Gluckauf, 11:58:18.

The race was won by the Vim. The Tilly was second. Apparently something has happened to the Auk. She is off the course and is running for Marblehead harbor.

Woman Found Dead.

Elizabeth, N. J., Sept. 6.—Mrs. Isabella Van Hart, 52 years old, was found dead in her chair last night by her son when he came home. On the floor was a large pool of blood. One of the dead woman's feet was found to be nibbled all over, and the marks gave evidence of rats' teeth. The wounded foot had been paralized.

The explanation of her death is that rats attacked her as she sat in the chair. They bit the paralyzed foot while the other foot rested on a chair. As there was no pain the woman knew nothing of her peril and the little animals kept on until they bit through an artery. Then the woman bled to death.

Kisses for Lawyer's Fees.

Catskill, N. Y., Sept. 6.—Kisses as legal tender for a lawyer's fee where the client is young and pretty and the barrister unmarried have been pronounced a success. Winning a case for a pretty Swedish girl, A. T. Powers, a young lawyer, was smothered with kisses by his fair client, when the jury brought in a verdict of not guilty on the charge of assaulting her landlady, Miss Stockholm, the interesting client, said she had no money, but Powers said he was quite satisfied to accept the payment tendered. Counsel for the plaintiff said he wished he had the other side when he saw Miss Stockholm imprint several resounding smacks on Powers' lips.

Soon after the divorce Putner engaged his former spouse as his housekeeper. Then he met and fell in in love with Miss Skeptize, a pretty school teacher, and the wedding soon followed, the strange circumstances attending which are the talk of the city.

The case of the Winchester and Strausburg Railroad Company against the Commonwealth was argued yesterday in the Court of Appeals at Staunton and submitted.

This case in an appeal from the order of the Corporation Commission requiring the defendants to run trains over the line of the Southern Railway from Strasburg Junction into the town of Strasburg on petition of the Mayor and Council of Strasburg. A Professor's Two Wives.

The entanglements of Prof. Charles H. Frye and his two wives came to a happy denouement in Chicago yesterday. The women have agreed to let bygones be bygones, and with Professor Frye "All's well that ends well"

Mrs. Clara Goddard, the South Dakota woman whom Frye acknowledged as a wife for 26 years, yesterday signed nominal bonds for the man's release. Frye has been held in the county jail since September 1 pending the hearing of charges of abandonment and bigamy.

Coincident with Frye's release, a petition for divorce, without an alimony clause, was prepared for Mrs. Frye, who urges desertion. Frye has promised, if the divorce is granted, to go back to Mrs Goddard and his daughter, whom he left. Professor Frye hopes to leave shortly on a honeymoon.

Skipper Rescued.

Berlin, Sept. 6.—After drifting on the keel of his capsized vessel from August 28 until last Monday, without food or drink, the skipper of the little sailing vessel Anna Rebeckka, was rescued by a life boat near Schwatzort. A sailor who had clung to the bottom of the boat for days, was washed away and drowned while the lifeboat was approaching the wreck. Another member of the crew, a boy, became insane as the result of his sufferings, and died on Sunday. The Anna Rebeckka left Memel, Prussia on August 27 with a cargo of wood. On the following day the vessel capsized. Her crew, consisting of the captain, sailor and boy, was able to climb on top of the hull.

Colored Murderers Hanged.

Pittsburg, Pa., Sept. 6.—Cornelius W. Coombs and "Bud" Williams, both colored, expiated their crime on the gallows this morning. Both men were brave until the last, and walked to the scaffold, with unfaltering steps. Neither spoke a word from the gallows, but both had attributed their untimely end to loose living. Coombs was hanged for the murder of Mrs. Elizabeth Dickerson, February 8, 1905. Williams after killing his mother-in-law, Mrs Mamie Quincy, September 14, 1905, followed his brother-in-law into the home of a neighbor, where he shot him twice.

New York Stock Market.

New York, Sept. 6.—After the strong reopening the room hurried to act on the policy of selling stocks on good news and the feature of the first hour's trading was general realizing of profits, and prices reacted from ½ to 3 points below the highest range of the first few minutes. The buying though, while this realizing was in progress, was confident and most of it by the most important financial interest in the street. The losses made on the reaction were easily recovered and at the end of the first hour shorts became nervous and were anxious to cover, although there was little supply then in sight around prevailing quotations.

Stocks seethed and boiled on the stock exchange today on the strength of Secretary Shaw's order that he will facilitate the importation of gold by making deposits in National Bank's pending the arrival of the metal from abroad. Already several millions have been engaged in Paris, and London for this city. Secretary Shaw's order has saved the speculators from a bad loss Stocks were sent skyward again today and the brokers today reported that the public had commenced to nibble.

A false rumor was in circulation in New York today that Battling Nelson, the prize fighter, was dead. He left Goldfield, Nev., today with Nolan for San Francisco.

The Lost Money Box.

The stealing of a money box containing nearly $500 from the trailer of an electric train about 8 o'clock yesterday morning has been the subject of much comment.

Conductor A. A. Davis, who had the receptacle in charge, placed it under the seat in the rear end of the car, and many believe the box was taken before the train left the Royal street station. The officials of the company in conjunction with the Alexandria and Washington police have worked assiduously ever since in their endeavors to identify and capture the thief. The company in order to stimulate the search immediately offered a reward of $50 for the apprehension and conviction of the guilty party.

Shortly after the police were informed of the robbery suspicion pointed to a former employe of the company, and this clew was closely followed. It was known that the suspect had been seen around the Royal street station just before the train started, and had boarded the trailer at the last moment. Just where he left the train is not known, although the man, it was supposed, had been traced to the ferry wharf, where, it is alleged, the took the 8:30 boat for Washington, and from the ferry wharf in that city he proceeded to Rosslyn, where he was said to have boarded a Falls Church car. Several storekeepers on lower King street, after they heard of the robbery, recalled the fact that they had seen a man carrying a tin box hurrying toward the ferry wharf shortly after 8 o'clock in the morning. It is said that when he reached Union street he saw a person approaching from the Strand, whom he evidently did not want to meet. He turned north on Union street and proceeded to Fayette alley through which he passed to the ferry boat.

It was later discovered, however, that this man was not the thief. A young man, a clerk in a King street drug store, saw a man with a box leave the train at Henry street and hurry northward. He is believed to have been the real fugitive. Chief Goods and Officers Beach and Jones later boarded a train and proceeded as far as Manassas in hopes of intercepting the thief, but the latter seemed to have obtained too much of a start on his pursuers. Dispatches have been sent to various points near Alexandria giving descriptions of the man wanted, and there is every reason to believe he will yet be captured.

The man who is suspected of having stolen the box was not around his usual loitering place yesterday.

Alexandria County Day.

Alexandria County Day at Luna Park yesterday was a decided success. The resort was well patronized during the day and a large concourse of people was present after dark. The weather was ideal. The programme consisted of athletic sports on the big plot of ground immediately in front of the dancing pavillion. There were egg races, tugs of war, 100-yard dashes for both men and women, three-legged races, and many other interesting contests. A prize was awarded to the tallest man present and to the man having the largest family at the park. O. R. Pritchard, of Arlington, won the first prize of $10 and G. W. E. Spangler, of near Arlington, won the prize of $10 for having the largest, family his immediate descendants numbering twelve flourishing youngsters. The baseball game played between the Del Ray club and the employes of the Washington, Arlington and Falls Church Railway Company was won by the former, 9 to 3. The winning team received a purse of $20. The winner in the amateur tournament for boys under sixteen was Master Harry Ashton, who received a prize of $5. The new Greater Washington Band furnished the music for all the events, and Mlle. Yvonne d'Arcy gave her thrilling performance in the "somersaulting automobile." Mlle. d'Arcy gives this wonderful exhibition nightly.

Fugitive Jumped Overboard.

Nep Penn, a day or two ago swore out a warrant against an acquaintance charging him with assault. When the case was called in the Police Court the plaintiff could not be found and Officer Jones was sent out on a search for him. Penn saw the officer coming and fled, and finding he was being closely pressed, leaped overboard and remained in the water until the officer left the neighborhood. Officer Bell found Penn this morning and conducted him before Justice Caton. He was dismissed with an admonition.

Ran Aground.

The ferry steamer Woodbury on her 6:30 trip this morning from this city ran aground near the Washington arsenal. Previous to grounding the steamer ran on a buoy which pierced the floor of the ladies' saloon. The accident was caused by the dense fog which prevailed at that time. An unsuccessful effort was made by the steamer Callahan to pull the Woodbury into deep water. The steamer Washington from Norfolk later came along and succeeded in pulling the grounded steamer into the channel.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Nep Penn, arrested by Officer Bell charged with contempt of court, was dismissed with an admonition.

John Allen, colored, charged with assault, forfeited his collateral by failing to appear.

James Johnson, colored, charged with assaulting his wife, was dismissed.

To Return to this City.

The resignation of Captain William M. King, jr., of Company A, Seventieth regiment, has been placed in the hands of the adjutant-general. The resignation was forwarded to Colonel W. J. Perry, at Staunton, who has returned it with his approval that the request of Captain King be complied with. Captain King has been in the service many years, and he asks that he be retired, with his present rank. He has made an excellent officer and the resignation will come as a surprise. Captain King will leave the city and make his home in Alexandria in the near future, and this is the cause of his resignation. It is understood that an election will be ordered within a short time so that the company may have a captain at the time of the inspection of the companies in this city.—[Richmond News-Leader.

The Late Mr. Hooe.

A dispatch from Warrenton says: It has been learned that John D. Hooe, before shooting himself recently, had been playing solitaire on his veranda and had left a cut deck of cards on the table just before taking his life. This has led to the belief that he voluntarily decided his fate with the cards. Gwynn Tompkins, a close personal friend, arrived from Sheepshead Bay yesterday, and admits receiving two letters from Mr. Hooe, one in July and the other immediately after the tragedy. In the latter Mr. Hooe said: "If I kick the bucket you will find my papers," and he named a drawer in his desk. Following this communication came the telegram announcing his death.

Death of an Alexandrian.

Intelligence received here from Richmond today announces the death of Mr. John S. Knox, formerly of this city. The deceased was a brother of Capt. R. F. Knox, and was engaged in the commission business in Alexandria prior to and since the civil war. Several years ago he removed to Richmond where he was employed in the State Auditor's office. He was a soldier in the Army of Northern Virginia during the war, and was 80 years old. His remains will be brought here and interred in Ivy Hill cemetery on Saturday.

THURSDAY EVENING, SEPT. 6, 1906.

Request for Extradition.

Governor Deneen of Illinois yesterday issued a request to President Roosevelt that the United States government make a request upon the government of Morocco as a matter of grace for the extradition of Paul O. Stensland, the president of the Milwaukee Avenue Bank of Chicago, and that he be delivered to Police Inspector George M. Shippy and Harry Olsen, of Chicago, assistant state's attorney of Cook county, or either of them.

Assistant State's Attorney Barbour, of Chicago, yesterday made a demand on the United Staaes government for a warship in which to bring Paul O. Stensland, the fugitive banker, now under arrest in Tangier, back to this country.

A telegram to Governor Deneen from the State Department at Washington late yesterday afternoon stated that no "homing" warship will be due in the Mediterranean for 40 or 50 days. The message was forwarded to Assistant State's Attorney Barbour last night. This complication, according to Mr. Barbour, will necessitate the sending of a man to Tangier from the state's attorney's office.

Mayorally Contest.

The town of Norton, Wise county, is in the throes of a mayoralty contest, and more than ordinary interest centers in the fight. The recent election there for mayor resulted in a tie between H. O. Ballou and John L. Lyon. A drawing was held and Lyon won. Ballou was not satisfied and contested Lyon's election. The result is that the case is being fought in the Wise county courts, and now there is added excitement from the fact that the Lyon ticket failed to qualify in accordance with the constitution. W. S. Bowling, the incumbent, refuses to vacate the office, and is endeavoring to have an injunction issued restraining either party from taking charge. Lyon was sworn in as mayor before a notary public Monday, and, with the councilmen on the Lyon ticket, is endeavoring to set up a form of government, but the present mayor and councilmen refuse to surrender either the records or the keys to the city hall.

That should make you think about preparing your Children's School Outfits. But little more than two weeks to do it in, it would be advisable to begin now. This store caters to the wants of the children with as much care and good taste as it exercises in clothing the "grown ups." We are showing New Fall Dress Goods, Plaids, New Ginghams, New Percales, New French Satines and New Flannelettes.
